SECTION DIAGRAM

PERPETUATION RECORD:

This monument is within 0.3 feet of the midpoint of a line between the pipe found at R-9 (Section Corner common to Sections 20, 21, 28, & 29) and the Mag spike found at R-11 (Quarter Corner common to Section 21 and Section 28). It is shown on the survey by Marty J. James dated 4/10/2000 (Inst. #2000006665). The William Nielson survey dated 4/3/1997 (Book 4, Page 231) states that the aluminum monument was found with no stamping, and was stamped at that time. The Graham survey dated 12/31/1981 (Graham Files) shows a "State Forest Marker" at this location, the hand drawn sketch of Section 21 by Ken Anderson, dated 11-23-1982 (on file in the USFS office), shows an "iron pipe monument".

The record monument was found undisturbed and maintained by remarking the existing bearing trees or establishing new bearing trees. One existing bearing tree was recovered from a 4/1997 Land Corner Record and remarked, and two new bearing trees were established.

Bearing Trees were marked with a blaze, scribed B.T., bearing tree sign, paint, and nail where permission was granted by adjoining landowner.
